With reference to the subject cited, it is informed that the Programmes conducted by TASK will be taken up under state Government scheme of "Capacity Building" (SDCs). As the budget is available and released to Government Polytechnics towards professions services for conducting skill development courses.

Hence TASK can conduct programmes in all Government Polytechnics. and Principals of Government Polytechnics will pay the charges to faculty from TASK (as per Govt. norm). Hence all students may be permitted to register for TASK training programme without any fees.

Further the details of courses proposed by TASK may be finalized with field experts & subject experts so that certificate issued by TASK or SDC centre will give extra leverage to students for their employability.
