Commendation and Constructive Suggestions for Spreading the
message and Ideals of Mahatma Gandhi – request - Reg.

Esteemed Sir,

With reference to the subject cited above the undersigned submit the
following for your kind perusal and necessary action.

Gandhi Global Family is an International organization founded by **Padma Vibhushan Eminent Gandhian Nirmala Desh Pande**. After the demise of Nirmala Desh Pande on May 1st 2008, **Honourable Gulam Nabi Azad** was elected as an **International President** throughout the India in the year 2009 and is still in his under guidance and **Gandhi Gyan Prathistan**, an Organisation was established in the year 1975 by the Late **C.V.Chary** in Telugu States to implement Gandhian Goals. Since for the Last Few Years Gandhi Global Family, Gandhi Gyan Prathistan conducted several workshops on Gandhiji's Principles and Ideologies and how those can be taught to the public in general and children in particular. This will go a long way in empowering students to play an active role in shaping a sustainable world.

To Implement Gandhian Principles, We allocated Ac.100 land in Ibrahimpatnam (V & M), Ranga Reddy Dist., Telangana State. In that, we are running an Organic Agriculture, Thousands of **Desi Cows** are enlarging, we are also providing 1Lakh Litres of Milk from **Milk Chilling Center, Abhaya**

Foundation is providing for thousands of women for their **Skill Development** in respect to their activities, also we are providing Institutions for generating **Natural Power** from the sources like water, solar energy, wind and conducting Silver plants and Destitute Homes.

Entire world is celebrating the momentous and historic decision of allocating Rs.150 crores in the budget-2018 for celebrating '150th anniversary of Mahatma Gandhi, father of our world. Your decision to celebrate Mahatma anniversary is well received applauded by the people of India.

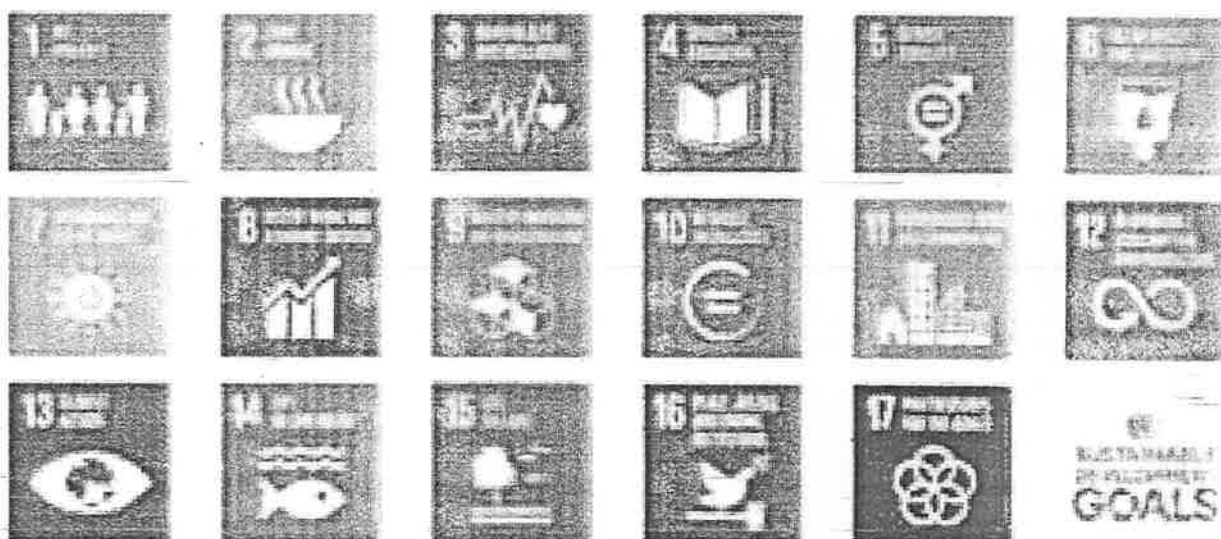

Your decision is appreciated all over the world for touching the aspirations of people and truly adapting and following the legacies and great ideals of Mahatma Gandhi. With the similar spirit, I would like to share some inputs for implementing the program successfully and pay respectful tributes to the legendary personality mahatma Gandhi.

Development: the concept of development has lost its meaning over the years. Ambitious mankind with the advent of industrialist revolution is cutting his own branch. Since Crores of living beings have been existing in symbiosis. Out of five elements of nature; earth, water, fire, wind and space, the earth is the prime constituent. 40% area of this planet is occupied by forests, rivers, reservoirs and mountains. Unfortunately the same is now in misuse in the name of development. 80% of water bodies have now become non-existent. Already 70% of mines have been unearthed. In the name of science and technology we have been devastating and destroying the Healthy Environment and serenity of the nature. Scuttled environment has been pushed the earth planet to dangerous brink. A big hole of one layer in Antarctica to the extent of 2crores 80lakhs square kilometers has occurred. Depletion of ozone layer is causing cancerous diseases affecting mankind. Climate change, environmental degradation and depletion of natural resources affect all of us.

For a secure world, way back hundred years ago, Mahatma Gandhi envisaged several steps which are now implemented by the name of 17 "**Sustainable development Goals (SDG)**" to transform our world by UNO in the Year of 2015. If we follow these SDG, it is a Great tribute to Mahatma Gandhi on his 150th Birth celebrations. He appealed for reducing Industrial, Vehicle, Domestic pollution, sustainable agriculture, preached truth and non-violence. The glory of the past can be revived by nurturing human values and incorporating.

pollution, sustainable agriculture, preached truth and non-violence. The glory of the past can be revived by nurturing human values and incorporating.

SUSTAINABLE DEVELOPMENT GOALS

At This juncture, the Gandhi Global Family crossed a mile stone with the appreciation of Civil Society Organisation(CSO) accredited by the United Nations DPI in the category of Peace for the propagating truth and non – violence, Peace Assemblies and Peace talks are popular among youth on Gandhian values.

Cardinal principles of Gandhi in the curriculum from KG to PG so that students can become global citizens. This will go a long way in empowering students to play an active role in shaping a sustainable world.

While welcoming your kind gesture in allotting sufficient funds for celebrating 150th anniversary of Mahatma Gandhi, we suggest that amount may be spent judiciously to protect and preserve already installed Gandhi statues in the villages across India. The task may be taken up by organizing an awareness conference at New Delhi by inviting NGOs/agencies working since many decades under different banners in different states in the name of Gandhi. A systematic action plan in a given time schedule for organizing volunteers, representing

different states may kindly be chalked out. The draft agenda points are identified as given below:

1. Implementation of Swatch Bharat in mission mode
2. Encouraging organic farming and gradually putting an end to the manufacturing of chemical fertilizers and pesticides.
3. Restoration of environment, biodiversity and Eco System.
4. Caring for our environment, sustainable consumption and declaration of emergence to protect Eastern Ghats
5. Preservation and purification of rivers and water bodies such as Ganga and Yamuna rivers. De-licensing of industries and Penalizing them for polluting water bodies . .
6. Steps should be initiated immediately to undo the damage done to ozone layer by inspiring students reflect on environment and innovative greening methods.
7. Nurture ideals and values of Gandhiji to address global challenges.

All these programs are to be implemented under your able leadership involving students, youth and NGOs. Implementation of meaningful reforms in this direction and upholding his Ideals would be a befitting tribute to mahatma. India must remain a role model to the entire world in implementing his ideals to ensure a more just, peaceful, tolerant, inclusive and sustainable world.

Thanking You.

Yours Faithfully,

(Gunna Rajender Reddy)
