Thu, Jul 8, 2021 at 12:13 PM

Dear Ma'am,

We at mUniCampus, are working on fulfilling the ambition of "Skill India Mission", to support the creation of digital infrastructure for skilling, re-skilling and up-skilling to enhance opportunities for access to employment, both locally and globally. As you may be aware, employment, jobs and internships have become quite burning issues.

We at mUni Campus would like to propose a cloud based "Seagull" a centralised AI powered Internship & Job Portal for Govt of Telangana. Essentially, a jobs and career discovery platform which brings students, career aspirants, Industry, educational institutes together on a single cloud platform aimed at reducing challenges in the job and talent discovery process. This will result in empowered youth and a growing industry!

We have built this job & career discovery platform, to meet the needs of career aspirants (job seekers), educators and the industry (employers) in **discovering** suitable options to meet their needs. Our proposed solution will make Telangana the first state in India to implement end to end digitisation of career opportunities.

Some advantages:

- Improve branding of Govt. of Telangana
- Clear actionable insights on skills, jobs, and employment opportunities in the state
- Furthering skill development and employment generation strategies
- Improve job placement rate
- Improve internship opportunities for youth, and
- Empowered youth and growing Industry

Thank you

Shweta Chavan
